

## **Pyramid Semiconductor Expands Ineltek Partnership to North America**

**Sunnyvale, California – April 2<sup>nd</sup>, 2026** – Pyramid Semiconductor Corp. today announced the expansion of its partnership with Ineltek GmbH, appointing the company as an additional authorized distributor for North America, including the United States, Canada, and Mexico.

Ineltek has been a long-standing partner for Pyramid in Germany, providing strong technical support and customer engagement for high-reliability applications. This expanded agreement extends that collaboration to North America, strengthening Pyramid’s global distribution network.

“Ineltek has proven to be a highly capable partner with a deep understanding of our mission to help customers solve obsolescence challenges and sustain long-life programs,” said Erin Rolfe, Director of Sales & Marketing Pyramid Semiconductor. “Expanding their role into North America enhances our ability to support customers with responsive service and lifecycle solutions.”

Under the expanded agreement, Ineltek will provide local sales and technical support for Pyramid’s portfolio of SRAM, EEPROM, Flash, and logic products, helping customers secure long-term supply and maintain system continuity in aerospace, defense, and industrial applications.

### **About Pyramid Semiconductor Corp.**

Pyramid Semiconductor Corp. provides high-reliability memory and logic solutions that help customers extend product lifecycles, address component obsolescence, and ensure long-term availability for mission-critical systems.

### **About Ineltek GmbH**

Ineltek GmbH is a semiconductor distributor specializing in advanced electronic components and technical solutions, serving customers across industrial, automotive, and aerospace markets.
